T-shirt Whailford, p.37

Jacket Harrington, p. 65
Shirt Jupiter, p.56
V-neck Nottingham, s.51

or excel

Our new jacket Harrington is a real classic . The model has been worn by style icons such as Steve McQueen, James Dean, James Bond among others. The list is long and the styles are many .

Wear it with a pair of jeans and a white t-shirt. You are a young rebel . Regardless of your age .

Combine it with a nice shirt and a pair of chinos to get a more traditional look. Either way , the style is spot on.

Life

What makes the Mona Lisa so interesting? We think it is the closeness to perfection. Without actually being perfect. What would Mona Lisa be without her mysterious smile? What would the leaning tower of Piza be if it was perfect? There is no allure, no life in perfection.

Our Slub tricot shirts have life pouring out of the fabric. No two garments are alike. The texture of the clothing draws the eye and the lightness of the fabric makes it fall beautifully.

One thing though. We do want perfection in one aspect. The tricot shirts are certified with OEKO-TEX which ensures that there are no harmful substances in the garments. The cotton is also organically grown 'cause we do love this imperfect, little planet of ours.

TWOVILLE ♂ 2114005

TWOVILLE LADY ♀ 2124005

THE JAMES HARVEST
SHIRTS ARE ALL

Choice

BEST SPORTSWEAR

FOR BUSINESS. PLAYERS' CHOICE

by James Harvest

What is so special with a Players' Choice shirt from James Harvest?

It is the distinctive details that make them special, and exclusive.

Each shirt consists of 23+ unique design parts which have been assembled with perfect precision.

Only Quality Fabrics

The shirts in the Players' Choice series consist of 100% combed cotton, spun into fine, thin filaments. The higher the yarn number, the better the feel of the fabric.

The fabric has two yarns spun together to make one, to give added strength and durability. The fabric is then treated with a high quality easy care finish for easy maintenance of the garment.

the J.H.S heritage

Among the James Harvest Sportswear you will find many timeless classic garments. Items that no wardrobe is complete without. Based on the popular quilted jacket we present James Harvest Sportswear elegant quilted version of the now iconic garment. A sophisticated design with many discrete components.

A light jacket is an ideal choice when there is a milder coo-

ling in the air. Hiding off a modern jacket under this jacket. The diamond quilted exterior is both stylish and gives a good insulation with a good feeling. The collar snaps easily with a "biker - strap" for extra protection against the elements when necessary. Notice the detail of the garment, such as embossed buttons on the front pockets, collar and cuffs.

Harrington

HARRINGTON 2111031

FORM AND FUNCTION FROM
JAMES HARVEST SPORTSWEAR: GET READY FOR

the expedition

OR THE EVERYDAY ADVENTURE!

Let us introduce the functional jacket Island Block from James Harvest Sportswear. The jacket is the ideal layer 3, keeping the rain, wind and other elements out. The jacket material also has excellent moisture transport capabilities, which lets out the moisture from your body. It also has zipped ventilation openings below the arms for when you need additional ventilation.

The jacket has easy accessible pockets, adjustable cuffs and hood. Zippers are made to be easy to grip, even while wearing gloves. The areas with the most wear and tear are reinforced with extra durable Cordura®. If you combine it with the matching fleece Northderry you are ready for any adventure. Regardless if you experience the trials of everyday life or the extreme elements of the wild.

Island Block is available
in black, navy or grey.

1. Reinforced with Cordura® at elbow and rear. Tone-in-tone reflective piping.
2. Water and wind proof (WP 8000/MVP 5000)
3. Easy access zippers with moisture lock.
4. Adjustable and detachable hood.
5. Adjustable cuffs.

Adjustable cuffs, a high collar and elastic drawstrings provides a comfortable and warm experience. Go explore.

The jacket material releases vapour and moisture (MVP 5 000). For further ventilation there are two zipped openings with mesh lining.

The elbows and the lower back are the areas with the most wear and tear. Therefore we reinforced these areas with strong Cordura®. The jacket material is also water proof (WP 8 000).

Northderry is the perfect layer 2 if the temperature should drop. It is a modern fleece with high collar, thumb opening in the cuff and an excellent fit. The stretchy fleece is anti pilling treated.

NORTHDERRY ♂ 2131500

NORTHDERRY LADY ♀ 2121500

Responsibility

The planet is faced with multiple challenges that deserve our common attention. We must all take responsibility for our global impacts in order to make the world a good place.

Sustainable Products

We believe in classic design and quality products - a concept that will never be out-of-fashion. Quality is a good way to ensure long-lasting use and sustainable consumption.

It is extremely important that all items of James Harvest Sportswear are safe and free from restricted substances.

All suppliers of James Harvest Sportswear must follow the requirements in our Restricted Substance List. The list has been designed in accordance with legislations such as REACH, but also taking into account in-

dustry recommendations and standards. As a result, our requirements are often stricter than the applicable legislation.

We take part of the Swedish Chemicals Group to receive the most updated information on chemical legislation and developments. With this information we can actively work to reduce and replace chemicals in line with best available technique.

Improving Working Conditions

We are aware of the great responsibility that comes with sourcing goods in countries with different legal cultures and labour conditions.

We must ensure that the business operations of our suppliers respect national requirements as well as international conventions on human rights. A successful work requires devotion and some amount of patience. Many of the challenges we face are global problems like poverty and malfunctioning welfare systems. In this sense, social compliance does not offer a quick-fix.

We believe it is essential to be presented on-site. For this reason, we have local offices in Asia taking care of the everyday-work with supplier auditing, monitoring and dialogue. Our CSR-staffs are educated and well-experi-

enced on labour conditions and environmental aspects of the production sites. Their work is leading the development.

What do we expect from suppliers in terms of labour conditions?

James Harvest Sportswear has adopted the BSCI Code of Conduct, used for members of the BSCI (Business Social Compliance Initiative). It contains requirements on minimum wage, working hours and the prohibition of child labour, amongst several other requirements from international conventions. These are our main requirements on all suppliers. We also have a commitment towards BSCI to engage our suppliers in third party examination by independent auditors. We consider it a quality assurance to have both internal and external audits.

A BSCI-report is not a certificate. It is a tool for responsible brands to be used in sys-

tematic monitoring and improving routines. Even the best supplier could occasionally end up with findings. Social compliance must be controlled and implemented in a management system.

BSCI also enables brands to cooperate. Today, more than 1300 companies worldwide have joined the BSCI. This empower our voice and influence in the social dialogue.

New Wave Group, our mother company, is a signatory member of the pioneering Accord on Fire and Building Safety in Bangladesh. The Accord is a binding contract between brands, international and local trade unions and NGOs. Its aim is to make all garment factories in Bangladesh safe workplaces, which includes a program of safety inspections and a commitment to ensure that the necessary repairs and renovations are carried out. The Accord is a unique initiative that will have significant impact on the daily lives of millions of textile workers in Bangladesh. We are proud to be a part of this project.

Child Labour And Poverty

Today, approximately 1 billion people live in extreme poverty – an overwhelming figure. We can never accept this number in our quest for a sustainable society. Extreme poverty is linked to all the major challenges of the world and forces people to make impossible choices between food, medicine, housing and education. It is often a root cause to global problems like child labour and denial of basic freedoms.

Hand in Hand fights poverty with entrepreneurship. The organization aims to create 10 million jobs for some of the poorest residents of

the world. The holistic approach of Hand in Hand includes education and training of women, effective abolishment of child labour, compulsory school attendance and environmental programs with focus on waste management, water treatment and biogas. The work involves whole communities, which gives Hand in Hand a unique impact on the livelihood of all villagers.

So far, Hand in Hand has created 1,7 million jobs and at the current rate, 1000 new jobs are being created each day. James Harvest Sportswear supports Hand-in-Hand with funds to enable three villages to participate in the project. Our villages are located in the textile region of Tamil Nadu in southern India.

More On The Environment

James Harvest Sportswear has two main strategies to decrease environmental impact and to cut our emissions of greenhouse gas. First of all, we must influence the transportation companies that we are working with. Our membership in “Clean Shipping Index” aims to impact the shipping companies to use cleaner vessels by ranking the most high-performing ships. Our group of companies works with some of the largest transportation companies on the market, all of which have environmental programs in place for their operations.

Secondly, we always strive to improve our internal logistics and work methods. Within our group, we club together as much as possible of our shipments and transportations. In addition to protecting the environment, it also
